LSU Recognitions

Computer Science major Evan Aumack created a drumming app during winter quarter as a final project for Hwang's Introduction to Computer Programming class. The app program displays a photo of drumheads and symbols which the user taps to hear the various percussion sounds of a drum set. "I chose to do the drum app because I've been facinated with other musical apps in the App Store and I wanted to try it for myself," says Evan.

Our very own field biologist, L. Lee Grismer captured a new lizard species in Southeast Asia in March of this year. "It looks like an ancient Oriental painter sat down and came up with this trippy-looking lizard," says Grismer.

The first of these is the fact that the
 government has been unable to
 maintain a stable currency. This
 has led to a loss of confidence
 in the government and a
 consequent loss of support
 from the people. The second
 is the fact that the government
 has been unable to maintain
 a stable economy. This has
 led to a loss of confidence
 in the government and a
 consequent loss of support
 from the people. The third
 is the fact that the government
 has been unable to maintain
 a stable society. This has
 led to a loss of confidence
 in the government and a
 consequent loss of support
 from the people.
